SUMMARY

Snowpro Core Certified with 3 yrs Data Engineering experience at Snowflake, Pune + biology research background (5 yrs) from top Indian (**BTech. NITW**) & Canadian (**MSc. UBC, UWaterloo**) institutes.

Proven technical expertise, like, spearheading design & implementation of IT-Ops/Compliance dashboards & alerts using **SQL/Python/AWS Lambda/Data Modeling/Dashboards**. Presented this at the Institute of Internal Audit, San Jose chapter in 2022.

Independent thinker, problem solver & communicator, has also used R, Javascript, Julia, Git/GitHub/GitHub Actions, Docker, Shell, Tableau, Thoughtspot, AWS S3/EC2/Cloudwatch/IAM, pandas, Airflow. Canadian Citizen with Indian OCI work permit.

EXPERIENCE

Data-Driven Strategist & Project Manager | Social Media Marketer | Content Creator | Founder
Instagram “catadoption_pune” initiative, Pune, India
May 2024 – present

- Empowers “individual rescuers”, thus addresses critical gaps in Indian animal welfare. Bolsters truly Indian qualities (like resilient resourcefulness) with data-driven & AI-supported project management – to get over 200 stray cats adopted in 8 months.

Cloud Engineer

Algorithmic Biologics, Bangalore (remote), India

- **Skills:** Julia, Python, git, shell, IAM, modular Dockerised code, AWS, GCP, BAM/VCF/yaml text file handling.
- Facilitated cross-functional communication between Bioinformaticians, Data Scientists & corporate mentors.
- Reduced storage costs by 50% through strategic migration from AWS EBS to S3 & enhanced data accessibility for analysis. Drove AWS CloudWatch monitoring. Explored codebase migration from AWS Batch to GCP Kubernetes Engine.

Data Engineer

Snowflake, Pune, India

- **Skills:** SQL, Javascript, Snowflake UDFs/External Functions/Stored Procedures/Snowpipes/Streams, Airflow, Fivetran, AWS API Gateway, AWS Lambda, ingestion from ServiceNow, Okta, GitHub etc APIs, ETL pipelines.
- Implemented SQL-based real-time, continuous monitoring solution for SOX-compliance Access Management – saving Internal Audit & IT Admins 100+ manual audit hrs/quarter.
- Represented technical team at invited talk to IIA, San Jose chapter, along with Snowflake Director of Internal Audit. Had a key role in proposing/modeling a GitHub-Snowflake DataShare with GitHub leaders & Snowflake Sales Engineers.
- Among the first few employees in Pune, helped Snowflake grow as its “customer zero”.

Machine Learning Research Intern, University of Waterloo, Waterloo, Canada

April 2020 – July 2020

- **Skills:** Python, Machine Learning, Biological data ingestion.
- Compiled new labeled dataset to train protein engineering model, with data from NCBI & BacDive databases.
- Prototyped ensemble model with Bayesian hyperparameter tuning to predict Protein Structure-Activity Relationships.

Contract work, Various, Toronto, Canada

January 2020 – March 2020

- Examples include – Ingested & queried a sqlite relational database from NCBI Taxonomy FTP server to validate performance analytics for new microbial taxonomy classification model used in <https://bugseq.com/>.

Research Assistant, Core Medical Centre, Vancouver, Canada

January 2017 – May 2018

- Mental health literature review, edit for Dr. Gurdeep Parhar.

Biological Technician, StemShock (acquired by Terramera), Vancouver, Canada

March 2016 – December 2016

- Designed & performed molecular biology experiments.
- Established a plant tissue culture facility & Received pay raise in 3 month

EDUCATION

M.Sc. Molecular Biology

University of British Columbia • Vancouver, Canada • 2015 • 3.54/4.00

- Only MSc student invited to speak, among PhDs, won “**Best Student Talk**” award at the Banff International Conference on Plant Metabolism (2014).

B.Tech. Biotechnology

National Institute of Technology, Warangal • Warangal, India • 2012 • 8.92/10.00

CERTIFICATIONS

SnowPro Core Certificate

Snowflake • 2023

Data Analytics & Data Science certificate

Lantern Institute, Toronto • 2019
